

## Installation and Activation

1. Connect the device to Wi-Fi.
2. Open the App store and search for “myCatapulTve”.
3. Install the app and register using the following information:
  - Select App Language.
  - Enter “Tve3” for the Provider ID (not case-sensitive).
  - Enter a Device Name e.g. Carol's FireTV Stick, Tom's iPad, etc.
  - Enter the registered email address and press Next (not case-sensitive).
4. This will generate a Registration Request email. Open the email and select the link to add/replace a device.
5. In the myCatapulTve® app, press OK or TRY AGAIN.

NOTE: If using a web browser (Chrome or Microsoft Edge), use the following URL and skip to step 3. <https://app.mycatapultve.com>
